## How to use the Results sheet

## Entering results

All cells coloured grey are formulae. Only enter data in the white cells.
Enter the boats with their handicaps, start and finish times. Times in format $\mathrm{HH}: \mathrm{MM}: \mathrm{SS}$.
If a boat retired, enter "R" in the finish time.

## Sorting the boats by corrected time

After entering all the reults, select the rows for all boats (starting at row 5), and sort by Corrected time

## Publishing results

Save the spreadsheet, then do File - Save As - and choose PDF format.
Check that the PDF is in landscape format and shows all the columns. If not you can adjust the colum
(column F), Ascending
n widths in the spreadsheet, and retry.
